About the Onondaga East Chamber

Our local Onondaga East Chamber's ("OEC") mission is to champion economic prosperity, foster a pro-business climate, and to improve the quality of life our area's residents. OEC engages the public, and the private sector by providing economic development news, resources, and networking opportunities. We have transformed into a Chamber without walls, servicing all communities. However, our mission to generate quality events and expand our member's economic growth is a large undertaking! We need your help to continue our work.

As a nonprofit organization, we completely rely on community support. None of our efforts would be possible without the help of donors, volunteers, and supportive community members like you.

OEC is a 501c(6) not-for-profit organization. The OEC's mission is to serve the Onondaga East County community by promoting and encouraging responsible business growth and development locally. We support a diverse array of civic and cultural programs and are devoted to increasing public awareness of the variety of products and services that Onondaga East businesses offer.

All support is greatly appreciated. We're just excited to get to work! Thank you for being a part of our community and our story.
